Subject HPV: Not Officially Sponsored

RECEIVED  
OPT CRIC  
05 MAY 16 PM 1:13

CAS RN Numbers:

928723

142734

These two CAS numbers refer to precursor material used at manufacturing sites for glyphosate production (active ingredient in Roundup herbicide), and had been originally intended for ICCA sponsorship with Dow Chemical. When Dow stopped producing it, it was thought that Monsanto Company might complete sponsorship on its own (and Dow was given the impression that Monsanto Company would be the only sponsor). However, it seemed that an official sponsorship was never recognized or completed by Monsanto Company for these two CAS numbers, and Monsanto Company considers the HPV status of these two CAS numbers to be non-sponsored.
